Developers introduced the new HyperMotion Technology last week at the E3 showcase. A series of videos were shown showing off the new tech (which is exclusive to the Xbox One). Here is what FIFA HyperMotion technology is all about. FIFA Skills Academy In March 2013, EA announced the "FIFA Skills Academy" which is a new service that will allow players to watch real-life players in action and give them tips on how to improve and hone their soccer playing skills. FIFA Skills Academy Videos The following video was the most viewed video on EA's official site: Following are all the other videos: Source: The following videos were all shown at the E3 showcase:FIFA Skills Academy Videos The following videos were all shown at the E3 showcase: Developer Interviews In the following videos, developers talk about the new technology. Official VideosSaturday, 4 September 2013 I'm Sam. I play games and write about them here, on this blog. I am currently looking for people to play with, so feel free to get in touch! I've been very fortunate in that my girlfriend is a very good sport about all this, and has supported me by bringing lovely gifts to keep my family and friends happy while I spend hours in front of a computer. She's probably the only reason why I'm even doing this blog in the first place. But I digress - the reason I write this is to introduce myself and let people know what I do. I also want to give a bit of a bit of background to me and my relationship with games, so if anyone is interested in finding out more about me they can check out the 'about' tab up above. My favourite games are of course the Mega Drive/Genesis style; I also like PC and the odd handheld. I prefer RPGs, Strategy games and Psychological Horror. I'm always up for a good party game. I'll likely be playing the majority of these games on the PS4, but I have the PS3, Xbox One and Wii U so they may be played as well. You can get in touch with me here. I'm always more

What's new in Fifa 22:

- **In-Play Camera**— Enjoy a unique in-game perspective as you use the new Pro-Xtion you'll collect and use in FIFA 22.
- **Guard Impact on Players**— You can now have a small influence on defenders by letting loose some custom animations on them and letting them get a late block on the ball. This is perfect for initiating counterattacks or taking a shot on goal when moving laterally.
- **Ball Physics**— Ball physics have been improved in FIFA 22, creating a much more realistic basketball experience than we have in the past. Now there's more swerve off the trajectory of a full-length game ball.
- **Referee Animation FX**— Now you can make your referee jump up and down, or go nuts and attack the ball.
- **Scoring Impact on Ball**— Now your goalie has more mental strength after you score, as he's able to avoid passing the ball to your midfielders.
- **Many Other Unannounced and Localized Gameplay Fixes.**

FIFA (often stylised as FIFA) is an annual football video game developed by Electronic Arts. FIFA is available on a range of gaming platforms including Xbox 360, PlayStation 3 and Microsoft Windows. The series has been awarded multiple Game of the Year titles by publications such as Edge, Official Xbox Magazine and Official PlayStation Magazine. FIFA is a brand name and trademark of Electronic Arts Inc., a publicly traded company headquartered in Redwood City, California, that develops, publishes, and distributes interactive entertainment software. Electronic Arts owns FIFA, NFL, NHL, NCAA Football and NCAA Basketball. What is this? FIFA 22 is the fifteenth game in the series of the same name. FIFA 19 was the thirteenth entry in the series. The game was released for Microsoft Windows, PlayStation 4, and Xbox One. The game features redesigned gameplay and four all-new game modes: Ultimate Team; the innovative new game mode FIFA Ultimate Draft and The Journey; the game's first TrueClub; and Head to Head. In addition, improved AI, physical intelligence, ball control, ball physics, and new stadiums are included, with improvements to goal celebration animations, player traits, ball physics, and on-field settings, as well as a wide array of on-pitch visual improvements. The PlayStation 4 and Xbox One versions of FIFA 22 were released on November 24, 2018, while the PC version was released on December 4, 2018. The first trailer for the game was released on September 18, 2018. Overview FIFA 22 was announced on May 31, 2018 and released for Microsoft Windows, PlayStation 4, and Xbox One on November 24, 2018. Gameplay Gameplay has been improved on both versions of FIFA 22, with new gameplay features and improvements. FIFA Ultimate Team This is a team-based mode which allows the player to construct and manage a squad of 22 players, where the object is to qualify for various FIFA tournaments and compete for the FUT Champions Cup with their virtual team. More than 70 real-life leagues and competitions are included for seasons, with two seasonal cups each. The player is also able to select a pair of real-life players to become their players. Players can also sign free agents from other FIFA games on their player sheet, to form a manager's dream team. The roster can be edited online, with each player's form, attributes, and skill ratings open to improvement. Players have FIFA Ultimate Team cards
